JL1030-BB

Color Block Leather Welding Jacket

FEATURES & BENEFITS

- Black and royal blue split cowhide leather
- Standup welder's collar with two snap options
- Satin-lined shoulders make it easier to put on and take off
- Scribe pocket on left sleeve holds marker, welding pencil, soapstone
- Inside pocket protects small tools and other gear
- Gusseted underarms allow wider range of movement
- Adjustable waist snaps provide a better fit

WELDMARK MIG25-140

Weldmark MIG25-140 is capable of running .023" to .035" mild steel or stainless steel, .030" - .035" flux cored and .030" aluminum wires. Infinite voltage setting and wire feed speeds make the Weldmark25-140 easy to set and adjust to different materials and thicknesses.

Applications:

- Home projects & repairs
- Light fabrication
- Sheet metal and auto body work
- Farm projects
- Many more

THE WORLDS MOST ADVANCED PLASMA CUTTERS

PRICES GOOD THROUGH
DECEMBER 31ST, 2017

Powermax30® AIR

Professional-grade plasma system
with internal air compressor for high
portability and easy metal cutting.

- Operate it anywhere with the internal air compressor.
- Plug into any 120 or 240 V power with Auto-Voltage™ technology and included plug adapters.
- Highly portable. The smallest, lightest weight system in its class.

- Eliminates time and cost of an Air Compressor
- Plug into any 120 or 240 V power with Auto-Voltage™ and included plug adapters.
- Cuts 3/8" @ 10 ipm, 5/16" @20 ipm
- Lightweight 29.8 lbs with Torch

ArcReach™

Increase, Improve and Maximize

Exclusive Miller® technology uses the weld cables to communicate changes in voltage settings. With an ArcReach System, voltage and wire-feed-speed controls are conveniently located at the operator's fingertips — right at the point of use — not back at the power source. By eliminating control cables to the feeder, cabling is streamlined and operators work at maximum efficiency.

- Increase productivity — No time-consuming trips to the power source.
- Improve weld quality — Reduces costly "work arounds".
- Improve worker safety — Reduces operator hazards and injuries.
- Maximize efficiency — Reduces costly cord set up, maintenance and repair.

Remote control of the power source without a cord. With a SuitCase® ArcReach feeder and ArcReach power source you can change output voltage at the feeder, and save a trip to the power supply. No extra control cable to purchase, maintain, string or unstring — saving time and money.

3350 POWERED AIR PURIFYING RESPIRATOR K3930-1

Lightweight and comfortable
Patent-pending baffling allows the user to adjust flow away from the eyes to prevent dryness. Battery run time is a minimum of 8 hours
Audible and vibrating alarms notifies user of low air flow or low battery

\$1229

Advanced Features Yet Easy to Use

- Simple user interface makes machine setup easy.
- Available features like pulse mode help make you a better TIG welder, faster.

Great TIG Machine for Aluminum

- High frequency starting for aluminum welding.
- Allows adjustments for wider or tighter arc configurations
- Built-in settings for more cleaning action.

TIG and Stick from One Power Source

- TIG welding for critical welds where precision and bead appearance are important.
- Bonus of stick welding capability for outdoor work or thicker materials.

Take it Everywhere, Plug in Anywhere.™

- Plugs into a standard 120V or 230V circuit.
- Portable and convenient to use – only 46 lb (21 kg).

CK WORLDWIDE TIG WELDING COLD WIRE FEEDER

-Automates adding of filler metal in TIG Welding. All weld parameters can be duplicated.

-Dual Groove Drive Roll system accepts multiple wire sizes.

-Eliminates TIG rod stub loss. Cabinet keeps filler wire clean.

-Makes fully automatic machine TIG welding possible.

-Results are consistent and high quality welds

CK Worldwide manufactures two models of Cold Wire TIG Feeders. The WF-5 feed unit is designed for use with CK "CWH" series hand torches for semi automatic welding applications. The WF-5 has an ON/OFF switch, pilot light, wire feed control, pulse/continuous feed switch, pulse wire on and off timers, and a remote switch receptacle.

SURFOX™ 304 MIG & TIG

Features and benefits

- ▶ Easily cleans MIG, TIG & spot welds
- ▶ Exclusive quick-change system to easily change out accessories & reduce downtime
- ▶ Ability to clean larger and harder to reach areas with our new brushes
- ▶ Integrated reservoir reduces the potential for contaminating or spilling the electrolyte solution
- ▶ Built-in vapor elimination system
- ▶ AC mode for cleaning or marking
- ▶ DC mode for polishing or etching

SURFOX 205

Features and benefits

- ▶ Built-in fume dispersion system (requires a compressed air line)
- ▶ Switchable output:
 - AC Mode: cleaning & marking
 - DC Mode: polishing & etching
- ▶ Redesigned pump and tank for maximum efficiency
- ▶ New Quick-Connect system allows you to quickly change between 4 m and 9 m long wand assemblies (9m wand sold separately)

SURFOX MINI

Excellent for use on repairs, touch-ups and small obs. This newly

Redesigned unit can clean TIG or spot welds on stainless steel and MIG, TIG or spot welds on aluminum.

It can also mark stainless steel, aluminum and titanium surfaces with the use of a

Order No.	Electrical		Dimensions			Tank capacity	Length of hose	Weight
	Input	Output	Length	Width	Height

▶ A complete range of abrasives for everything from weld blending to applying a #8 mirror finish

ENDURO-FLEX™ 4 1/2" \$9.29

The longest life and highest overall material removal in the industry

ENDURO-FLEX outperforms all competitive flap discs thanks to its innovative design and exclusive abrasive grain blend. Featuring a new ECO-TRIM backing that can be trimmed back to extend disc life, ENDURO-FLEX is the longest lasting flap disc in the industry and removes more material than any competitive flap disc. Your employees will spend more time getting the job done and less time making trips to the tool crib, saving you time and money while maximizing your productivity.

ENDURO-FLEX STAINLESS™

Guaranteed not to contaminate stainless steel

ENDURO-FLEX Stainless offers all the benefits of the standard ENDURO-FLEX with a formula free of iron, sulfur and chlorine to meet quality control objectives in sensitive operations. ENDURO-FLEX Stainless is the flap disc of choice for workers nationwide for blending applications on stainless steel, aluminum and other heat sensitive alloys.

ZIPWHEEL CUTTER KIT 4 1/2" & 6"

The most powerful cordless cutter on the market

4.5" # 34A949
\$ 289

6" # 34A949
\$ 310

The ZIP WHEEL CUTTER is a powerful cordless cutting tool that delivers the most cuts and longest battery life when paired with Walter cut-off wheels. It comes with an 18V/ 5.2 Ah battery pack and a Ventilated Charging System, allowing you to charge faster and reduce downtime. This cordless cutter features the DYNAMAX electronic RPM control, which protects the unit from overloading and overheating. It also contains a 270° rotating battery pack so you can adjust the battery for greater comfort while working and offers easy access to the internal carbon brushes.

ZIP WHEEL

ZIP WHEEL is the highest performing cut-off wheel on the market. Faster, cooler, freer cutting and heavily reinforced for added safety, ZIP Wheel provides premium performance while resisting twisting and bending. This allows for a true, straight cut every time. The end result is a wheel that improves worker safety while delivering the lowest cost-per-cut in the industry.

The lowest cost-per-cut in the industry

4-1/2" X 7/8 TYPE 1 #11T042 \$ 3.35 EA

6" X 7/8 TYPE 1 #11T062 \$ 4.95 EA

ZIP ONE

ZIP ONE offers the quickest cuts and longest life in an ultra-thin 1/32" wheel. It is cool cutting to provide a burr-free cut with minimal discoloration. Best of all, it cuts extremely quickly and without vibration, making your job safer and easier when working with thin gauge steel or stainless steel.

4-1/2" X 7/8 TYPE 1 #11T542 \$ 3.45 EA

6" X 7/8 TYPE 1 #11T662 \$ 5.55 EA

FLEXCUT™

Premium performance on curved or uneven surfaces

FLEXCUT, the leading flexible grinding wheel for over 25 years, is specially formulated to deliver superior removal on all ferrous and non-ferrous metals without clogging or loading.

4 1/2 36 GRIT #15L453 \$ 5.95 EA

4 1/2 60 GRIT #15L456 \$ 5.95 EA

ENDURO-FLEX 2-IN-1™ FINISHING DISC

One-step finishing

ENDURO-FLEX 2-in-1 flap discs remove TIG welds and finish the surface in just one step, substantially reducing your finishing costs. Save time and reduce your inventory by using just one disc instead of two or more to perform the same job.

4 1/2 #15L453 \$ 17.50 EA
